

# Computational Solid Mechanics Research Group

**Research positions available for excellent  
undergrad, M.Sc. and Ph.D. students**

**Multiple research topics in structural analysis,  
structural dynamics, structural optimization, finite  
elements, and fracture mechanics.**

**The positions are suitable for Aerospace, Civil  
Engineering, or Mechanical Engineering graduates.**

**For more information please contact Assis. Prof. Ameer Marzok  
([marzok@technion.ac.il](mailto:marzok@technion.ac.il))**
